

## **Where would I be**

(Lyrics/ Music Bärenz/ Strodtbeck)

**Did you ever meet my old friend Jack,  
He's always walking straight, never turns back,  
But if you really need a true companion  
Come through for you with all his abandon.**

**I am blessed because he crossed my way  
I know that he would never lead me astray  
I may count on him in every situation  
He pays attention without any limitation  
Where would I be without true hearted friends  
I know they hold the key for all further intends**

**I'm glad to have Jim on my side  
When I'm confused, he's a really taff guide  
He takes my hand to lead me through the maze  
Helps me to point out better ways**

**Now let me introduce lovely Jane  
She never causes anybody pain  
Just smiles away all of my sorrows  
Opens my eyes for a bright tomorrow**

**Did you ever crossed my good fellow Kate**

**Where would I be**

**If you feel weak she wouldn't let you wait**

**Flies to your side to give you confidence**

**She wouldn't leave as long you need defense**
